**Courses are being offered at a reduced rate as a result of receiving funds from the Northeast AZ Regional Center.
Don't miss out!**

ELA, History/SS, Science, & Technical Subjects

<p>Enhancing Grammar Instruction with the Common Core 3-8 \$25</p>	<p>Looking for effective ways to teach grammar along with an in-depth look at some of the common core language standards? If so, this is the course for you. This training will provide specific examples of texts that use grammar concepts which readily apply in the classroom. We will study the importance of common core language standards as seen in writing and reflect on how to incorporate them into your instruction. Some of the grammar concepts will include: intensive pronouns, punctuating nonrestrictive elements, compound and complex sentences, active/passive voice, eliminating wordiness and redundancy, distinguishing connotation and denotation, and sentence variation. This course is designed for teachers of writing in grades 3-8.</p>	<p>Oct 3 8:30 am-3:00 pm (6 hours) @ Ponderosa HS, Flagstaff, AZ</p>
<p>Digital Research & Writing 3-12 \$25</p>	<p>This training will provide hands on strategies to integrate digital tools with expository, argumentative, and cross-curricular research and writing projects. Collaborative digital projects that incorporate multi-media features provide an immersive experience while still addressing the AZCCR Standards. Participants will use Google Docs, Thinglink, and other Web 2.0 tools combined with embedded multi-media sounds, videos, and diagrams that interact with the reader in ways that are only possible in the digital realm. *Participants must provide their own laptop and have a working knowledge of Google Docs.</p>	<p>Oct 24 8:30 am-4:30 pm (7 hours) @ Ponderosa HS, Flagstaff, AZ</p>

**Improving Writing
 Across Contents**
 6-12
 \$25

Looking for new ways to deepen students' knowledge and command of your content area through meaningful and authentic writing assignments? If so, join us as we share ideas and show examples of authors' writing techniques and practices which can be used to help students improve their own writing across curricula. We will examine Kelly Gallagher's book titled: Write Like This. Teaching Real-World Writing Through Modeling & Mentor Texts. Each participant will receive a copy of the book along with many other resources.

Nov 21
 8:30 am-3:00 pm
 (6 hours)
 @ Ponderosa HS,
 Flagstaff, AZ

Mathematics

**Model Drawings
 in the Math Class**
 K-2
 3-5
 6-8
 \$15/session

This 6-hour workshop will be broken into 3 2-hour sessions with each focusing on model drawings in a specific grade band. Ten-frames, tape diagrams, fraction bars, array models, and number lines are some of the many models used to teach and learn Arizona's CCR Standards for Math. Each class will begin with an overview of the standards that specifically emphasize and lend themselves to modeling in the grand band covered during that session. Participants will learn the many applications of the different models and best-practice strategies for their implementation with students.

***This workshop will be broken into 3 sessions, focusing on model drawings in the K-2, 3-5, and 6-8 math class. Each 2-hour session is \$15.**

K-2
Sept 25
 4:00 pm-6:00 pm
 (2 hours) @ PHS

3-5
Oct 23
 4:00 pm-6:00 pm
 (2 hours) @ PHS

6-8
Nov 13
 4:00 pm-6:00 pm
 (2 hours) @ PHS
